- To invite Canadian Students to India among top state Universities to have collaborated research activities.

## Participation of IIS (deemed to be) University in the Delegation

IIS (Deemed to be University), Jaipur (India) is among the pioneers in the state of Rajasthan in imparting quality education to women in different streams. It is known for excellence in delivering value-based education to students and encourages them to think innovatively. It particularly focuses on preparing students to become world-ready citizens, who are equipped to take any professional and social challenges with an educated and empowered mind.

The University is an exceptionally cosmopolitan and vibrant one based in one of the country's most exciting and ethnically rich cities - the Pink City (Jaipur) and is placed in the category 'A' by the Ministry of Human Resource Development, Government of India. With over 5500 students, the University offers UG, PG and Doctoral programmes in Arts, Science, Social Sciences, Commerce, Management and Computer Science & IT.

Our vision includes striving and seeking to cater to global educational needs combined with our goal of promoting international understanding and world fellowship through world class education. To accomplish the same, we are open to all kinds of collaborations, by partnering with foreign universities and research based institutes.

Therefore, taking the Framework Cooperation Agreement signed between IIS University and the Canadian Universities forward, we would like to propose the following:

1. Exchange of undergraduate and postgraduate students
2. Exchange of academic staff
3. Joint programmes for Ph.D. thesis supervision
4. Dual degree programmes
5. Joint research activities
6. Participation in Seminars etc. and /or academic meetings
7. Specific short term academic programmes can also be offered by our University for the students of Canadian Universities in Yoga, Fashion Technology, Jewellery Designing, Dance, Textiles, Fine Arts etc.

We, therefore, extend a cordial invitation to the girls students and faculty members of the Canadian Universities to visit the IIS University for tapping the possibilities of collaborative undertakings. If so desired, we could organize special programmes for the visiting team and also arrange for their home stays with our students and staffs, to help them get intimately acquainted with the nuances of Indian culture.

We thus propose an active collaboration between the two Universities. To explore the profile of the University which can further help the collaboration proposal forward in the right earnest and direction, [www.iisuniv.ac.in](http://www.iisuniv.ac.in) may be visited for more information.
