

Report of Online Workshop on How to Catch Fake/Cloned/Predatory Journal in Academics

(10 November, 2021)

An Online workshop on How to Catch Fake/Cloned/ Predatory Journals in Academics was organized by The Centre for Research, Innovation and Training (CRIT), IIS(Deemed to be University), Jaipur, in collaboration with Internal Quality Assurance Cell, IIS(Deemed to be University), Jaipur on 10 November, 2021. The workshop was attended by 197 participants from all over the country. Prof. T.N.Mathur, Vice- Chancellor, IIS (Deemed to be University), Jaipur delivered the welcome address. Dr. Shweta Kastiya, Department of Management Studies, apprised the participants about CRIT. Dr. Payal Mehtani, Co-ordinator, IQAC highlighted the role of IQAC in quality enhancement. The workshop was moderated by Dr. Aasatha Saxena, Department of Journalism and Mass Communication of Dr. Mridula Sharma, Department of Psychology. The Resource Person for the workshop was Dr. Sumit Narula, Deputy Dean, Research, Amity University, Gwalior. The workshop was organized *with* the objective of familiarizing the participants with the mechanisms for identifying fake, cloned and predatory journals. Dr. Narula stated that the cloned journals are the counterfeit mirror journals that exploit the title and ISSN of the legitimate journal. Predatory journals are those which charge publication from authors without checking the quality of papers. They also claim high impact factors. All these journals dupe the authors. He demonstrated the difference between fake, cloned and predatory journals by using various tools like Scopus links, UGC CARE list, ORCHID and Digital Object Identifier. He also said that such journals do not have any deadline for submission and will accept the paper within 24 hours. He also discussed about impact factor, citation index and H-Index. He cautioned the participants that they should verify the credibility of the journal before submitting their research paper.

Prof. K.S. Sharma, Advisor, CRIT, IIS(Deemed to be University), Jaipur highlighted the importance of publication of research articles in good quality journals and also advised the participants that they should always double check the journal credentials before submitting their papers. Dr. Ankita Chaturvedi, Department of Accounting & Taxation delivered the vote of thanks. The workshop proved to be very engaging and helped the participants in recognizing the various means for identifying good quality journals by using internet tools.
