DEAR COLLEAGUE

It is our immense pleasure and privilege to invite you to the International Conference on "**Recent Developments in Chemical Research**" (RDCR 2019) being organized by IIS (deemed to be University) Jaipur, on 1-2 February 2019. The Conference will provide an opportunity to chemists from all over India and abroad to interact and discuss the contemporary issues in chemical research.

AIMS AND OBJECTIVES

The objective of the International Conference on **Recent Developments in Chemical Research 2019** is to provide a platform to researchers, academicians as well as industry professionals from all over the world to present their research results and development activities in Chemical Science. This Conference will also provide an opportunity to exchange new ideas and share experiences face to face with their colleagues and academic community to establish research relations and find global partners for future collaboration. It will also serve to further the advancement and innovation in chemistry teaching & research. The exposure to young students will definitely motivate them to take up research in future.

THRUST AREAS

- Catalysis
- Organic synthesis
- Nanomaterials and devices
- Organometallics and Material Chemistry
- Co-ordination Chemistry
- Polymer Chemistry
- Bio-organic and Green Chemistry
- Composite materials
- Solid State Chemistry
- Environmental Chemistry
- Computational Chemistry
- Chemical Education

INVITED SPEAKERS

- Prof. Goverdhan Mehta**, University of Hyderabad, India.
- Prof. A. K. Tyagi**, BARC, Mumbai, India
- Prof. Charles E. McKenna**, University of South Carolina, USA.

IIS (deemed to be University)

IIS (Deemed to be University), Jaipur is among the pioneers in Rajasthan in imparting high quality education to women in different streams. It is known for excellence in delivering value-based education to students and encourages them to think innovatively in different walks of life. It particularly focuses on preparing students to become world ready citizens, who are abreast to take any professional and social challenges with an educated and empowered mind. With over 5000 students and more than 233 staff members, the University offers UG, PG and Doctoral programmes in Arts, Science, Commerce, Home Science, Management and Computer Science & IT. Established in 1995 as the international college for girls, affiliated to the University of Rajasthan, the college has crossed significant milestones in its journey towards excellence in higher education. Besides receiving numerous other accolades, it was accredited by NAAC of UGC, recognized as a college with potential for Excellence (CPE) by the UGC and selected as a model college by the state government. With the grant of memberships of the Association of Indian Universities (AIU), the Association of Commonwealth Universities (ACU) and the Association of Universities of Asia and the Pacific (AUAP) along with the grant of 12-B Status by the UGC, accreditation by NAAC-UGC in 2014, the University is committed to achieving even higher standards in the field of higher education.

The department of Chemistry, The IIS University, offers UG, PG and research programs. The department has organized a number of national and international seminars, conferences and workshops in various contemporary topics of chemistry which have been supported by different funding agencies like UGC, DST, CSIR, BRNS etc. The faculty and research scholars of the department have published numerous research papers in journals of National and International repute.

JAIPUR

Jaipur, the largest city of Rajasthan is an epitome of magnificence and vibrancy. This royal place is rich in heritage, culture and architecture. With splendid fortresses, majestic palaces, tranquil temples and beautiful havelis, Jaipur turns out to be an ideal tourist destination. The first planned city of India, it is the capital of Rajasthan and International tourists planning to tour Rajasthan start the journey most often from Jaipur.

Jaipur, the picturesque capital, also known as the Pink city, was founded in 1727 by Maharaja Sawai Jai Singh II. It is not just the royal buildings and palaces that this city offers, but besides these captivating attractions, Jaipur also displays exquisite handicrafts and spectacular jewellery. These intricate works of art add life and colour to this Pink City's uniqueness. Also, the serenity of lush gardens and floral array acts as the cherry on the cake of fabulous landscapes. All this makes a picturesque view that tends to enthral any visitor. To add on to its liveliness, this place has brilliant bazaars filled with bright turbans and ethnic attire, hand-dyed and embroidered textiles and delicious food. Dressed in pink, this royal city is the apt blend of heritage, palaces, culture, art and flamboyance. This fascinating city with its romantic charm takes you to an epoch of royalty and tradition.
